LITTLE STARS
DANCE

A one hour combination dance class blending **jazz, tap, music, and singing**, designed to nurture young children's love for performing arts while developing their **motor skills and creativity**.

In this lively and engaging class, young dancers explore the upbeat rhythms of jazz, where they learn basic steps and movements, enhancing their **coordination and balance**. The class transitions seamlessly into tap, where the children get to experiment with creating sounds using their feet, fostering an early sense of **rhythm and timing**.

Music is a constant companion throughout the session, with catchy tunes that encourage movement and **expression**, while the singing component allows children to use their voices, building **confidence** and vocal skills.

This holistic approach not only introduces children to the joy of dance and music but also helps in enhancing their **social skills** as they interact and perform alongside their peers in a **nurturing and supportive environment**.

LITTLE STARS
BALLET

A 30 minute ballet class introducing the world of dance, designed to nurture **creativity, coordination, and a love for movement** among young children. The class uses lively music and props to engage the children's imaginations and **make learning fun**. Basic ballet positions and movements are introduced in a simple, age-appropriate manner, often through storytelling. The focus is on developing **gross motor skills, balance, and rhythm** rather than strict technique to foster **confidence** and a **sense of achievement** in young dancers. This class provides a joyful and supportive environment that encourages **self-expression and social interaction**.

LITTLE STARS
ACROBATS

A 30 minute class that blends **physical activity**, **creativity**, and **fun**, designed to introduce young children to the world of movement and **coordination**. This class involves a series of engaging activities that help develop **flexibility**, **balance**, and **strength** in a safe and supportive environment. Instructors guide students through basic acrobatic skills such as forward rolls and balance exercises, with the use of mats and soft apparatuses to ensure **safety**. The emphasis is on **exploration** and **enjoyment**, with lively music and an **encouraging** environment allowing children to cultivate **confidence**, **teamwork**, and a love for physical activity.

LITTLE STARS
DANCE TOGETHER

A 45 minute class designed for caregivers and their little ones to enjoy **together**. This class focuses on fostering a love for movement and dance in little ones from **walking-3yrs**. The class environment is **lively** and **playful**, featuring age-appropriate music and simple choreography that encourages participation from both parties. Props are incorporated to capture toddlers' attention and stimulate their senses, whilst also promoting **social interaction**, **self-expression**, and **physical development** in a **supportive** and **nurturing** atmosphere. This is the perfect class for younger students to build **confidence** before enrolling in our independent style programs above.

Can I watch my child's classes?

In our experience preschoolers are able to concentrate better without the distraction of other noise in the room from parents and other siblings. The Little Stars Programs have been designed to encourage independence, confidence and self-belief. As young children participate in classes they have the opportunity to develop additional secure attachments with adults (teachers) and peers. This helps them transition positively into the larger world and helps with school readiness. Having said that, we understand that some children may need some support at the start of their journey with us and we are happy to assist with this. Little Stars Dance Together allows toddlers and their grown ups to dance together, so is the perfect option for those students that aren't quite ready to dance on their own.

Are your teacher's qualified?

All teachers have their Working with Children Check and are provided with extensive training by our experienced and qualified staff members.

Do we need to purchase uniform and shoes?

Students are required to wear the Little Stars uniform to help create a sense of belonging in their new class and to ensure that they can participate fully & comfortably in all their dance exercises. We do like to make sure we are the right fit for you and your child before committing to anything so comfortable clothes and sneakers are fine for the first couple of lessons. Once your child has settled you can purchase the official uniform at our uniform shop.

If we miss a class can it be made up on another day of the week?

You may swap days during Terms 1, 2 and 3 if you miss a class (as long as the make up class is not full and you can provide a medical certificate). You will need to be in touch via email to organise this. We do recommend that you avoid alternating days too much as preschoolers need the comfort of knowing that the same teacher and their friends will be there when they go to dancing.

Is there an 'End Of Year Performance'?

We host our annual Ready Set Showcase in late October each year. More information about this exciting event will be made available in Term 2.

Communications...

All Little Stars Families are invited to join the Private Facebook Group ' 2025 UDP LITTLE STARS FAMILIES' which will be available to join in late January 2025. Photos are posted weekly which will give you a good insight into the classes and how your dancer is progressing. This group as well as emails are our main form of communication so please make sure your email address is correct & up to date in our system. Our main form of communication is via email so please always make sure that this is up to date in our system. Don't forget to follow us on instagra, (universldp) & Facebook to see what is happening at the studio!
