CAN PARENTS COME TO MINI'S DANCE CLUB?

Universal Dance and Performance works based on the independent learning model, allowing both students and parents to benefit from this structure. We pride ourselves on building students confidence, independence and offering the chance for parents to gain a much needed morning of time whilst they know that their little ones are safe and sound. If needed a parent/guardian can get their dancer settled in the studio and join us for the opening dance, however we encourage all students to attend Mini's Dance Club without a parent/guardian in attendance.
